

Information on Free Wi-Fi Connection Service

Free Wi-Fi connection is available throughout our ryokan.

Enjoy easy Internet access for a variety of purposes such as checking tourist information, weather or e-mails.

● Areas Where Ryokan Sanjiro Wi-Fi Is Available

The whole ryokan and guest rooms

● How to Connect to Ryokan Sanjiro Wi-Fi

Find and select the wireless network (SSID) by using a device that can connect to Wi-Fi such as a laptop (with built-in wireless LAN), smartphone, or tablet.

Note: For details on how to connect each device, please refer to their instruction manuals, manufacturer's support, etc. We don't offer support for connecting your devices. Thank you for your understanding.

<Notes>

- This service is not a 100% guarantee of an Internet environment.
- You may have difficulties connecting depending on your device and location.
- Depending on your environment and the line condition, you may experience slower speeds or loss of connection.
- We bear no responsibility for any damages or losses caused by unexpected suspension, etc. of this service.
- Customers are responsible for any security matters related to virus infection, leaks and/or loss of information, etc.
- We're unable to answer inquiries regarding the system and other information for security reasons.
